

## Do you get an ‘Unidentified Developer Error’ when you try to launch the PowerTeacher Gradebook?

Follow these super simple steps to remedy this error:

1. Click on the black Apple menu icon in the upper left corner of your screen
2. Select ‘System Preferences...’ from the menu
3. Click the ‘Security & Privacy’ icon in the top row
4. In the ‘General’ tab, click on the lock at the lower left to make changes. Enter your computer login credentials to unlock the preferences.
5. Under ‘Allow apps downloaded from’, select ‘Anywhere’
6. Close the preferences window and try launching gradebook again.
